

IDEAS FOR SMALL NEIGHBOURHOOD PROJECTS

We have found that residents have wonderful ideas and show great creativity in coming up with initiatives to improve their neighbourhoods. But just in case anyone gets stuck, here are some ideas.....

- Community gardens
- Murals
- Volunteer-led afterschool programs
- Beautification projects
- Newsletters
- Neighbourhood festivals
- Collective Kitchens
- Youth-led programs, i.e. basketball
- Family literacy initiatives
- Tree planting/greening initiatives
- Creating summer jobs for youth

Whatever the project, it should build on the ideas, strengths and experience of residents.
